## Student Housing Authority Suitability Report:

Name: Sally Michelle Beard-French  
ID# 4N1M4110V2DE11

Comments: During interview, student remarked that interviewer looked 'run down, with a fuzzy dark purple thing happening' and recommended a series of herbal teas.

Sally then asked if interviewer's jacket was real leather and refused to participate in interview if it was.

After assuring her it was not real leather, the interview proceeded as normal.

When asked about roommate suitability, Sally did state that she requires a strict vegan diet. If one can't be provided, she stated she's more than happy to cook it herself.

Sally seems boisterous and good natured, should blend in well. Her Financial Aid request was granted, covering all housing options.

Recommended Housing Placement: Latin House

## Student Housing Authority Suitability Report:

Name: Isabella M Fuentes  
ID# 5532TCUD35MY09

Comments: During interview, Isabella seemed strongly opinionated and passionate. Student declined interview in Spanish, stating she was fluent in English and uninterested in speaking Spanish during interview. Isabella, however, then asked "Unless you're trying to say something the bosses won't understand?" before winking at interviewer. Student then made comment in Spanish before stating 'we should keep it in English'. Translation after the fact (using recording) reveals the Spanish as saying "Sorry. You're cute but you're not my type." When questioned about roommate suitability, Isabella replied "I hope they're cute." Student Visa is completely in order, Scholarship funds should cover off campus housing.

Recommended Housing Placement: Latin House

## Student Housing Authority Suitability Report:

Name: Maximilian J Russo  
ID#: 743514CK32MY02

Comments: During interview, Maximilian seemed flippant and irreverent. When asked about his chosen course of study, replied "I don't feel like sleep is studied enough. Can I take that?"

He later amended his answer to Music Studies, stating "I've got a band already, so that should be some easy A's right?" In response to question about roommate suitability, he implied that as long as they were "hot" he had no issues. Maximilian then proceeded to answer his cellular phone, informing the caller that he was "not doing anything".

Student is clearly not interested in studying, or in taking the college life seriously. His financing check has, however, cleared with no flags.

Recommended Housing Placement: Latin House

---

Good amount of content for a fair price.. Worth it for the soundtrack. It's not that expensive and you get high quality MP3s of all the music in the game.
